THE HONORABLE BOARD OF SUPERVISORS
COUNTY OF KERN

Phillip Peters, Chair
Chris Parlier Jeff Flores
David Couch Leticia Perez

AND

Nancy Anderson
Chief Administrative Officer

KAREN ROSS, SECRETARY
CALIFORNIA DEPARTMENT OF FOOD AND AGRICULTURE

It is my pleasure to submit the 2025 Kern County Agricultural Crop Report. This annual report presents statistical information on acreage, yield, and gross values of Kern County agricultural products in accordance with Sections 2272 and 2279 of the Food and Agricultural Code. The figures in this report represent only gross values and do not consider the costs of production, marketing, transportation, or other ancillary costs. No attempt is made to reflect net income or loss to the producers of these commodities.

The 2025 gross value of all agricultural commodities produced in Kern County is \$8,933,432,002. This represents a twelve percent (12%) increase from the 2024 crop value (\$7,960,900,835).

The top five commodities for 2025 are Pistachios, Grapes, Citrus, Almonds, and Carrots, which make up more than \$6 Billion (69%) of the Total Value; with the top twenty commodities making up 94% of the Total Value.

The 2025 Kern County Crop Report can be found on the Department of Agriculture and Measurement Standards website: www.kernag.com

I would like to thank all the members of the Agriculture and Measurement Standards staff who helped with the compilation and preparation of this report, especially Deputy Director Cerise Montanio and Agricultural Biologists Ella Mundschau and Emily Lopez. Most of all, I extend my thanks and appreciation to all of the agricultural producers, contributing organizations and those individuals who provided the necessary information for this report.

Respectfully Submitted,

Glenn Fankhauser
Agricultural Commissioner/Sealer of Weights and Measures

REGISTERED ORGANIC GROWER PROGRAM

Producers and growers who market their produce as "Organic" or "Organically Grown" must be certified by an accredited certifying agency and are required to register their organic fields with the state. The Department of Agriculture & Measurement Standards inspects these fields to ensure compliance with applicable laws and regulations.

Registered Growers and Handlers-91

Partial listing of registered crops: Citrus, Grapes (Table, Wine, Raisins), Strawberries, Broccoli, Carrots, Celery, Lettuce (Head, Leaf, Spring/Salad Mixes), Spinach (Fresh and Processed), Tomatoes, Almonds, and Seed Crops.

Exports 2025

Phytosanitary Certification is one of the largest programs within the Department of Agriculture. Depending on the agricultural commodity and destination country, Phytosanitary Certification may be required, which attests to the freedom from insects and diseases, by an Accredited Certifying Official (ACO).

MAJOR COMMODITIES EXPORTED:

Grapes, Almonds, Pistachios, Oranges, Potatoes, Carrots, Cotton, Lemon, Tangelos and Other Citrus

Phytosanitary Certificates Issued 31,682
