**All Medfly host fruit & vegetables (except cherries, citrus fruit, and grapes from specified areas) are Prohibited. See other pages of this summary for information.

Import Permit and Federal Phytosanitary Certificate required. All plant and plant products not listed as prohibited or unrestricted require a federal phytosanitary certificate and an Import Permit or a “contract of sale” which is similar to an import permit when the importer is a Government buying agency. The import permit will specify the import requirements.

Import Permits/ Contract of Sale (Contracts of Sale contain entry requirements for Government buying agencies) must be obtained in advance of shipments destined to the People’s Republic of China. The China Animal and Plant Quarantine Service (CAPQ) determines entry requirements on a case by case basis.

Import permits may be requested from:
Beijing Animal and Plant Quarantine Bureau
The People’s Republic of China
No. 241 Building Huixinxili
PostCode: 100029

If an import permit is presented, phone the main office.
Soil is Prohibited. Commodities should be free from pests of concern.

SUBSIDIARY INFO –

Phyto Inspection must take place within 30 days of shipment.

COMMODITY – Cherry fruit

BOTANICAL NAME – Prunus avium

PRODUCT FORM – Fruit

PHYTO FORM – Fed

IMPORT PERMIT – No

RESTRICTIONS - Restricted

SUMMARY INFO –

Federal Phytosanitary Certificate Required. The shipment must be free from soil, Ceratitis capitata, Rhagoletis indifferens, Rhagoletis fausta, and Cydia pomonella. Contact our office to determine any other pests or protocols.

NOTE TO EXPORTER: The packages should indicate the fruit name, origin, name or code of packaging plant in Chinese or English.

AD Required:

“All fruit in this shipment has been grown in accordance with relevant regulations of China and within the approved growing sites.”

Inspection of the fruit shall be conducted and completed at the packing facility before loading of any cartons into the transportation vans. Lots certified as free from plant pests will be loaded into containers or closed trucks and sealed. **The container number MUST be written in distinguishing marks of the phyto.**

SUBSIDIARY INFO –

Phyto inspections must take place within 30 days of shipment. Product must arrive through the following ports of entry: Haikou, Guangzhou, Shanghai, Dalian, Qingdao, Nanjing, Tianjin.

DATE – 9/10/09

COUNTRY – CHINA

SUMMARY REFERENCE –China

APPROVED NAME – China

COMMODITY – Citrus fruit (See Workplan/ Protocol)

BOTANICAL NAME – *Citrus spp.*

PRODUCT FORM – Fruit

PHYTO FORM – Fed

IMPORT PERMIT – No

RESTRICTIONS - Restricted

SUMMARY INFO – (FRUIT IS PROHIBITED FROM LOS ANGELES COUNTY)
Federal Phytosanitary Certificate required. The shipment must be free from the following live pests: *Anastrepha ludens* (Mexican fruit fly), *Ceratitis capitata* (medfly), *Pantomorus cervinus* (Fuller’s rose weevil), Citrus xyloporosis viroid, Citrus infectious variegation virus, Citrus psorosis virus, *Frankliniella occidentalis* (Western flower thrips), Citrus crinkly leaf virus, *Xanthomonas campestris pv citri* (Citrus canker).

Fruit must be essentially free of leaves, twigs, soil, and ‘rotting’ fruit. **The container number MUST be written in distinguishing marks of the phyto.** If the shipment transits a regulated Medfly area, it must be in a sealed container. **DO NOT ISSUE A PHYTO CERTIFICATE UNLESS THE NAME OF THE FACILITY LISTED IN THE AD MATCHES THAT SHOWN ON THE BOXES IN THE SHIPMENT AND ON THE APPROVED FACILITY LIST.**

NOTE TO EXPORTER: The package should indicate the fruit name, origin, name or code of packaging plant in Chinese or English.

AD Required:

“The fruit in this shipment originated from an approved County and was packed in (name, county, and state of packing house). All fruit in the shipment complies with relevant regulations of the China and complies with the California Citrus Protocol.”

SUBSIDIARY INFO –

Phyto inspections must take place within 30 days of shipment. Citrus must arrive through the following ports of entry: Haikou, Guangzhou, Shanghai, Dalian, Qingdao, Nanjing, Tianjin, Shekou, and Yanitain

COUNTRY – CHINA

COMMODITY – Grapes

BOTANICAL NAME – *Vitis vinifera*.

PRODUCT FORM – Fruit

PHYTO FORM – Fed

IMPORT PERMIT – No

RESTRICTIONS – Restricted

SUMMARY INFO – Grapes may be exported from designated vineyards of the following counties in CA: Kern, Kings, Fresno, Madera, Riverside, and Tulare. Grapes from other areas are prohibited.

Federal Phytosanitary Certificate Required. The shipment must be free from soil. **See list of quarantine pests next page.**

Verify that packing/storage facilities maintain a list of their growers & are able to supply information on a grower’s name & vineyard location. Each pallet should have a pallet tag. If upon arrival in China, identity of grower or vineyard on the cartons or pallet is not found, the shipment will be rejected. If the grapes from unapproved growers or vineyards are found on arrival, the shipment will not be allowed to enter. If the shipment transits a regulated Medfly area, the shipment must be in a sealed container. **The container number MUST be written in distinguishing marks of the phyto.**

NOTE TO EXPORTER: The packages should indicate the fruit name, origin, name or code of packaging plant in Chinese or English.

AD Required:

“All fruit in this shipment complies with relevant regulations of China and originates from approved participating vineyards and counties.”

***Grapes MUST be shipped by ocean freight ONLY (0.0 C to 5.0 C must be maintained).

Before the shipment arrives in China, the Phyto certificate will be sent to the Administration of Animal & Plant Quarantine of the People’s Republic of China (CAPQ).
